MURIEL BOWSER, MAYOR

DC Healthy Families Provider Directory

As a member of DC Healthy Families, you can choose a primary care physician (PCP) for yourself and each member of your family.

How to Find a Primary Care Physician

This Provider Directory will help you find PCPs and specialist doctors who work with the health plan you choose. Your PCP will be your main doctor. This person will provide most of your medical and health care, and will help you stay healthy. If needed, this person will also send you to a specialist doctor. A specialist doctor treats only certain parts of the body or illnesses, like a cardiologist or an allergist.

The Directory also lists the dentists, hospitals, clinics, outpatient centers, and pharmacies that work with your health plan.

- Each doctor is listed by office location in the District: Northwest, Northeast, Southeast, and Southwest.
- PCPs are listed alphabetically by last name.
 - After their name, you will find their address, phone number, other languages they speak, and the health plan they work with.
- Specialist doctors are listed within each specialty area and then in alphabetical order.
 - After their name, you will find their address, phone number, other languages they speak, and the health plan they work with.
- Dentists, hospitals, clinics, outpatient centers, and pharmacies are listed in alphabetical order.
 - After their name, you will find their address, phone number, other languages they speak, and the health plan they work with.
